

diagnosis and treatment, it provides links to information about other useful organisations. The booklet can be found at:

<http://www.cancerbacup.org.uk/info/mouth.htm>.

Clear and detailed information is available from CancerNet, a service provided by the US National Cancer Institute. 'What you need to know about oral cancer' is available at:

http://cancernet.nci.nih.gov/wyntk_pubs/oral.htm.

The American Cancer Society provides an online 'Cancer Resource Center' <http://www3.cancer.org/cancerinfo/>. Specific types of cancer can be selected from a drop-down list. Information is provided about the nature of cancer, its causes, and risk factors, as well as strategies for prevention and early detection, diagnostic techniques and treatment options.

Osteoporosis

Support group

National Osteoporosis Society

PO Box 10

Radstock

Bath

Online discussion list

Name of list: **OSTEO-P**

OSTEO-P is an unmoderated discussion list for patients, family, friends, researchers, and physicians, to discuss clinical and non-clinical issues and advances relating to osteoporosis.

To join this discussion list send the following message:

To: listserv@listserv.acor.org

Text: subscribe osteo-p

Web archive of messages available at: <http://listserv.acor.org/archives/osteop.html>.

Online newsgroup

Name of newsgroup: <[news://sci.med.diseases.osteoporosis](mailto:sci.med.diseases.osteoporosis)>

To view the Web archive of messages, go to <<http://groups.google.com/>> and enter the following: sci.med.diseases.osteoporosis

Suggested summary documents

The National Osteoporosis Society provides a useful overview on its Web site at <<http://www.nos.org.uk/gener.htm>>. Other pages cover prevention, including dietary advice, and treatment.

An informative American site can be found at <<http://www.osteoporosis.org/>>. This is the National Institutes of Health Osteoporosis and Related Bone Diseases – National Resource Center. It includes a range of 'bone health information', and also provides 'research bibliographies' compiled from MEDLINE (see Chapter 5) and 'bone links' to other useful sites.

Ovarian cancer

See also **Cancer**.
